Pharmaceutical Licence

Rate Card

Rates effective April 2026

The annual fee for the CLA Pharmaceutical Licence is calculated by multiplying the number of 'Professional Employees' in your organisation by the fee as shown below.

The annual fee per Professional Employee is £79.11 + VAT
The minimum fee for any Pharmaceutical Licence is £670.83 + VAT

Although your CLA licence will enable any employee to benefit from the permissions included, the fee you pay is based only on the number of 'Professional Employees' in your organisation. For the purposes of the fee calculation, 'Professional Employee' is defined as:

> *A director, officer or employee (other than sales representatives) of the licensee who are graduates or who hold an equivalent qualification*

There may be no need to conduct an in-depth analysis of your company's staff to obtain this figure as your payroll may be able to classify staff on this basis. If you need guidance or advice on this, please contact us directly – see details below.

Calculating the licence fee

As an example; if you have 100 total employees and 20 of those are identified as Professional Employees, the annual fee for the Pharmaceutical Licence would be 20 x £79.11 = £1,582.20 + VAT

Indemnity for past copying

Fees for backdating your licence to cover previous copying will be calculated using the rate applicable in the current year and applied for each year that the licence is backdated. For more information about the indemnity, please see the full Terms and Conditions of the Licence.

For further guidance

New customers should contact licence@cla.co.uk or 020 4512 0100

Existing customers should call Customer Services on 020 7400 3171 or email cs@cla.co.uk
